

Jupiter Horsemen's Association Sponsorship Form

Jupiter Horsemen's Association has been providing a positive educational and social program for the local and surrounding community for 50 years. We offer a strong volunteer program for local youth and adults. When you purchase sponsorships and donate to our programs, your company gains a valuable community presence. The educational opportunities provided to the equestrians of today, and tomorrow, promotes the future of Jupiter Farms and our local equestrian community. By attending these events you will also gain a valuable sense of pride and accomplishment, as the youth of our community grows and learns. By contributing to Jupiter Horsemen's Association, you are making a difference in our community and helping to build tomorrow's community leaders.
